remind

Dear Parents/Guardians,

I'm using a program called "Remind" that lets me send messages via text, push notifications, or email to parents. I will use it to send occasional reminders. I also send regular emails, so please check the email you provided on the "Student Information" sheet. My website will list upcoming events, assignment due dates, etc. It is the main resource to know what's going on in our classroom.

Please keep in mind:

• When using Remind, your personal contact information is **NOT** visible to me or the school.
• *You will be unable to text back*. If you have questions or comments, please call or email me during work hours.

Please sign up by following the quick steps below!

Sincerely,
Mrs. Jones
